STATE TESTING BEGINS NEXT WEEK FOR 3RD – 8TH

The Smarter Balanced Assessment Consortium computer adaptive tests (SBAC) have replaced the Oregon Assessment of Knowledge and Skills, (OAKS), for Mathematics and English Language in Oregon. Science is still tested through the OAKS system. This year, our students will take the SBAC test in Math and ELA May 9 through May 27, 2016. Grades 5 and 8 will also take the OAKS Science test during the same test window. Following the spring 2016 testing, students' individual score reports will be sent home to parents. It is important to note that these scores cannot be compared to scores that your child previously received on the OAKS tests because this test is based on the new Common Core State Standards and different benchmarks.

If you have any questions regarding your child's participation, please contact your home room teacher.

For more information or to view the practice test online go to the Oregon Department of Education Smarter Balanced Web page at: <http://www.ode.state.or.us/search/page/?id=3298>
